What does God want for us as God's people and followers of Jesus? Rev. John Turner will lead an exciting exploration through the whole Bible to get the big picture of God's unfolding plan for the church in our time and into the new creation. Rev. Judy Turner will preach from the first 4 chapters of the book of Acts, highlighting the power of prayer, the power of Christian community, and the power to do the work of Jesus. Throughout the week, we will seek deeper understanding of God's desire for our lives in Christ, and direction and hope for living as empowered disciples in our time.

The Reverends John and Judy Turner are popular speakers around the country. They have served Disciples churches and organizations on the general, regional, and local levels of the church. They are the founders of Christiview Ministries, a retreat center and ministry in the Ozark Mountains of Arkansas.
